The above noted allocation of capital and anticipated timing represents the Company's current intentions based upon its present plans and business condition, which could change in the future as its plans and business conditions evolve. Although the Company intends to spend the proceeds from the Offering as set forth above, there may be circumstances where, for sound business reasons, a reallocation of funds may be deemed prudent or necessary and may vary materially from that set forth above, as the amounts actually allocated and spent will depend on a number of factors, including the Company's ability to execute on its business plan. See the "*Cautionary Statement Regarding Forward-Looking Information*" above.

The Company has generated negative cash flows from operating activities since inception and anticipates that it will continue to have negative operating cash flow beyond the 12 months after the closing date of the Offering. As a result, certain of the net proceeds from this Offering may be used to fund such negative cash flow from operating activities in future periods.

The most recent audited consolidated annual financial statements and unaudited condensed consolidated interim financial report of the Company included a going concern note. The Company is still in the development and growth stage and the Company has not yet generated positive cash flows from its operating activities, which may cast doubt on the Company's ability to continue as a going concern. The Offering is intended to permit the Company to advance its business objectives and is not expected to affect the decision to include a going concern note in future consolidated financial statements of the Company.

How have we used the other funds we have raised in the past 12 months?

The Company completed private placements for aggregate gross proceeds of \$826,691 on January 24, 2023 and an aggregate of \$1,497,360 between August 31 and October 2, 2023 pursuant to the 2022 LIFE Offering. The Company also completed the First Tranche on February 23, 2024 for aggregate gross proceeds of \$1,518,535.94. See "*Summary Description of Business – Recent Developments*". All proceeds from such financings were used for product expansion and integrations, market expansion and general and corporate working capital purposes as disclosed.

The Company has not engaged a dealer in connection with the Offering. To date, the Company has entered into referral/finder's fee agreements with each of Raymond James Ltd. ("**RJ Agreement**"), Canaccord Genuity Corp. ("**Canaccord Agreement**"), Research Capital Corporation ("**RC Agreement**") and EMD Financial ("**EMD Financial**") (each, a "**Finder**"), each an arm's length Finder. Each Finder may introduce to the Company persons who wish to participate in the Offering, but is under no obligation to do so. Each Finder's Fee Warrant will be exercisable to purchase one additional Common Share at \$0.14 per Common Share for a period of 36 months from the date of issue. The Finder's Fee Warrants are subject to an Acceleration Right.

In connection with the First Tranche, the Company paid an aggregate of \$105,962.88 in cash fees and issued 1,513,755 Finder's Fee Warrants to Finders. Specifically, pursuant to the RJ Agreement, Fobi paid a cash commission in the amount of \$47,582.88 and issued 679,755 Finder's Fee Warrants to Raymond James Ltd. registrants or finders; and (ii) Finder's Fee Warrants (or such other compensation securities bearing terms agreeable to the Company) in such number as may be agreeable to the Company; and (iii) certain additional cash or securities compensation as may be determined by the Company.
